**SELLING**

**10 BULLS**

**31 FEMALES**

**BULL FEATURES –** Dunrovin Archer, an outstanding three-year-old, solid red son of Ringwell Illustrious, and out of a dam by Will-A-Dell Starry Archer 2d. This bull was the 1957 Iowa Royal Show and Sale Grand Champion and top selling bull. He's good-headed, smooth, square made, low-set and rugged. He's a breeder's bull and his calves prove it. Five of his young sons sell as separate Lots. Also selling will be the dark red, three-year-old bull, Mardale President by Muirside President, and two yearlings by Braemor President 9th and Lane View Duplicator 5th.

When Chet Gregg of Wallace, Nebr., assembled his brood cow herd about eight years ago, he bought the best young females he could find, regardless of price. Few herds in the country could match his present cow herd for quality and breeding performance. Included are 12 cows with calves at foot, 12 bred cows and heifers. There are 10 daughters of the 1955 Iowa Royal Sale Reserve Grand Champion bull, Lane View Duplicator 5th. Four by Imported Tolquhon President. Others by Priam Benedict, a \$1,250 son of Imported Lawton Priam, Edellyn Golden Prince, Bandmaster Achievement, Leveldale Blockade, Gregg Farms Commander and Goldfinder's Boxer.

Paul Kurtz, Scottsbluff; Ralph Wells, Torrington, Wyo.; Charles Jones, Huntley, Wyo., and John Hastings, Elsie, Nebr., are each consigning a top bull to this sale.

Everything sells T.B. and Bangs tested and fully guaranteed.

## **Standard Guarantee of the American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

## Top Quality • Rich Ancestry

We invite everyone interested in Shorthorn cattle to our sale. Although this is not a large herd, we feel sure you will not be disappointed in the kind and quality of each individual that we have to offer.

Due to the limited amount of grassland, we cannot expand our registered cow herd to make it into a good, practical operation. Therefore, every lot will be sold. They will be presented just off wheat pasture, in excellent breeding condition.

Dunrovin Archer, our present herd sire, has developed into an outstanding individual and should warrant miles of travel for anyone looking for a herd bull.

Along with our cattle, John Hastings, Charley Jones, Paul Kurtz and Ralph Wells have each consigned a good bull to add to the sale attraction.

We would be pleased to show you the cattle at the farm any time up to April 18th. Hope to see you on sale day.

## We Sold Chet Some of Our Best

Walton, Nebraska  
March 9, 1959

Dear Friend Chester:

I am sorry to learn that you are dispersing your good herd of Shorthorns. When you assembled your herd you used the very best of judgment in selecting the cattle you purchased at that time. When you attended our sale you were a contending bidder on the very best females we offered, and paid top prices for many of the top offerings in our sale. I know that the same was true at many other sales you attended.

I have followed the progress in your herd management and last fall, when I visited you, I was very much impressed with your herd at that time. All the cows were in good working condition and it looked to me like the cows had a full crop of calves following them. This was a pleasing sight to see.

As I remember, they were mostly sired by your present herd sire. He will give a good account of himself for whoever buys him. He is a good individual and an excellent sire. I am confident that whoever buys in your dispersion sale will be well pleased.

Sincerely,  
Carl L. Retzlaff

He was a half brother to the 1952 Omaha champion bull and is out of a granddaughter of one of the greatest breeding bulls ever used in Iowa, Sni-A-Bar Silver Plate. He was a bull with a wonderful head and with great width and depth of body. There are two daughters of this bull, selling in this sale.

DUNROVIN ARCHER -- Grand champion and top selling bull of the 1957 Iowa Royal Show and Sale where we purchased him from Johnson Bros., Atlantic, Iowa. He's a good-headed, smooth, square-made, low-set bull that has developed wonderfully and is siring calves of the same stamp and pattern. A 3/4 brother was grand champion and top selling bull in the 1958 Iowa Royal Sale and several other half brothers have been champions and top sellers at the Omaha sales for Johnson Bros. Five young bulls and five open heifers sell, sired by him in this sale as separate lots. There will be 12 cows with calves at foot, sired by him and 11 young cows and heifers to calve to his services. He's a sure breeder, we'll guarantee him in every way and we feel sure that he will meet the requirements of particular cattlemen.

DUNROVIN BALTIC -- The next five young bulls are all sons of the Iowa Royal champion, Dunrovin Archer and offer concrete proof of the potency of this great young son of Ringwell Illustrious. Every one is short-legged, thick, smooth, blocky and good-headed. Every one is out of a richly bred dam and presents a wonderful opportunity for the careful buyer to select his next herd bull at a young age and then develop him in a manner suitable to his own breeding plans. The dams of all these young bulls also sell in this sale, so it's a real opportunity to check and re-check each individual most carefully.

MERDALE CAMPEON MERCURY -- A good headed, burly, rugged bull that is level lined, heavy boned and well balanced. Although short aged, he was second prize senior calf at the strong Clay County Fair show. Study his pedigree and you will find that he has probably the greatest concentration of Calrossie Mercury blood you can find today. Every one of the bulls in his pedigree made a great record as a sire. The bull cannot fail to breed on.

W S MAID 24th -- This heifer speaks for herself and also her sire Mardale President, a bull selling in this sale. Bred November 18 to Idylweiss Major, a bull owned by the Colorado State University.

## HOW WOULD YOU LIKE TO BUY ONE OF THE VERY TOP, SMALL, SELECT, SHORTHORN HERDS IN THE COUNTRY?

This you can do -- only better yet, you can take your choice of one or all.

You can do as I did -- go to Chet Gregg's Farm located approximately 60 miles southwest of North Platte, to be exact -- he's located  $2\frac{1}{2}$  miles south, 2 miles west and  $\frac{1}{2}$  mile south of Grafton, Nebraska. Here you'll see a great, small herd of Shorthorn cattle -- cattle that will be a credit to any herd and that will serve as sound breeding stock in any area.

You will see the herd bull, **Dunrovin Archer**, that you would surely like to own -- and you can -- on April 18th. He's a breeding bull and you'll like to own some of the good, young bulls and females by him -- calves that can win in the show ring, calves that will sell anywhere in America. You'll like the breedy heads on the deep, thick-bodied, short-legged brood cows -- every one in the herd because she has been a top producer. You'll like the way these cattle have been handled, too -- in the summer on good, hard grass, buffalo grass, to be exact -- in the fall, winter and spring, on wheat pasture, and supplemented with good alfalfa hay and minerals.

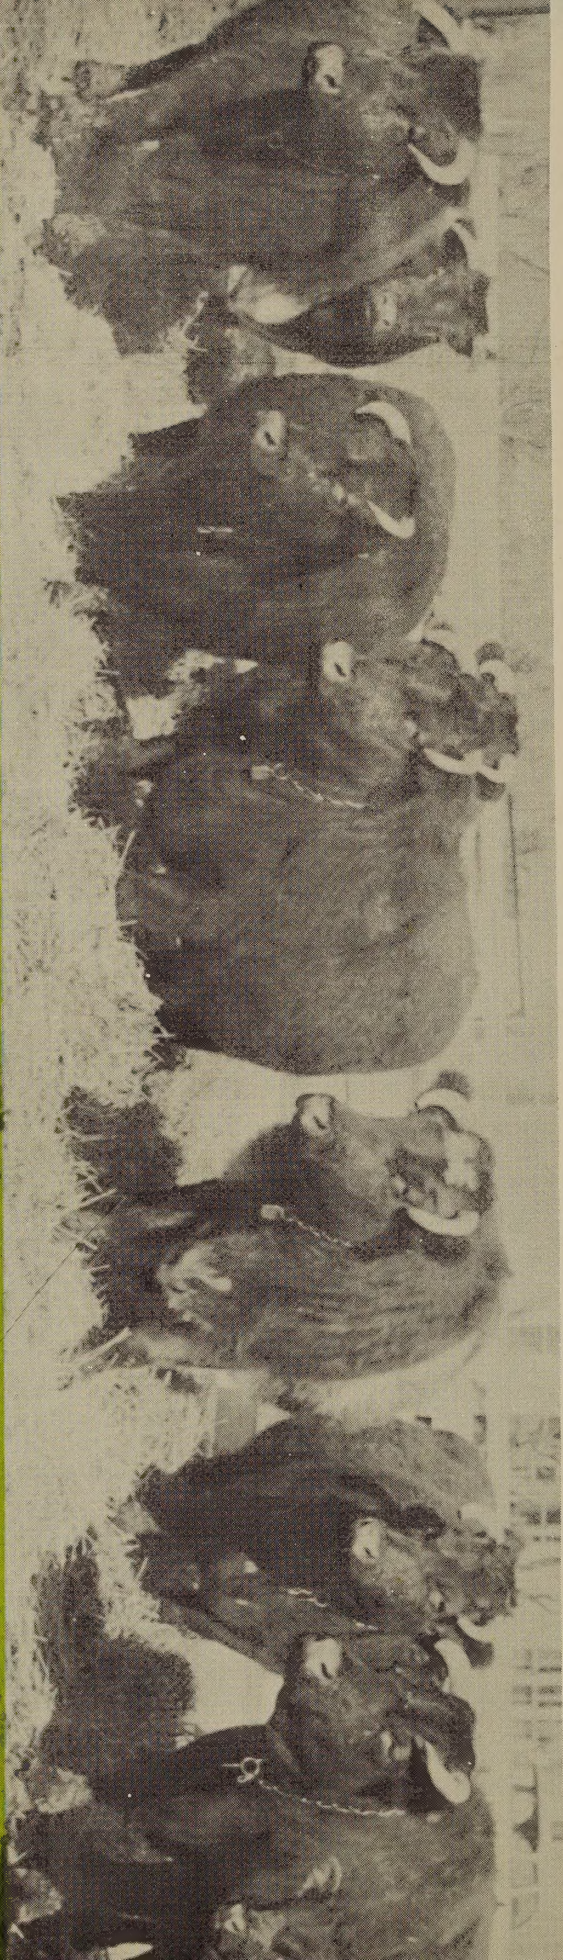

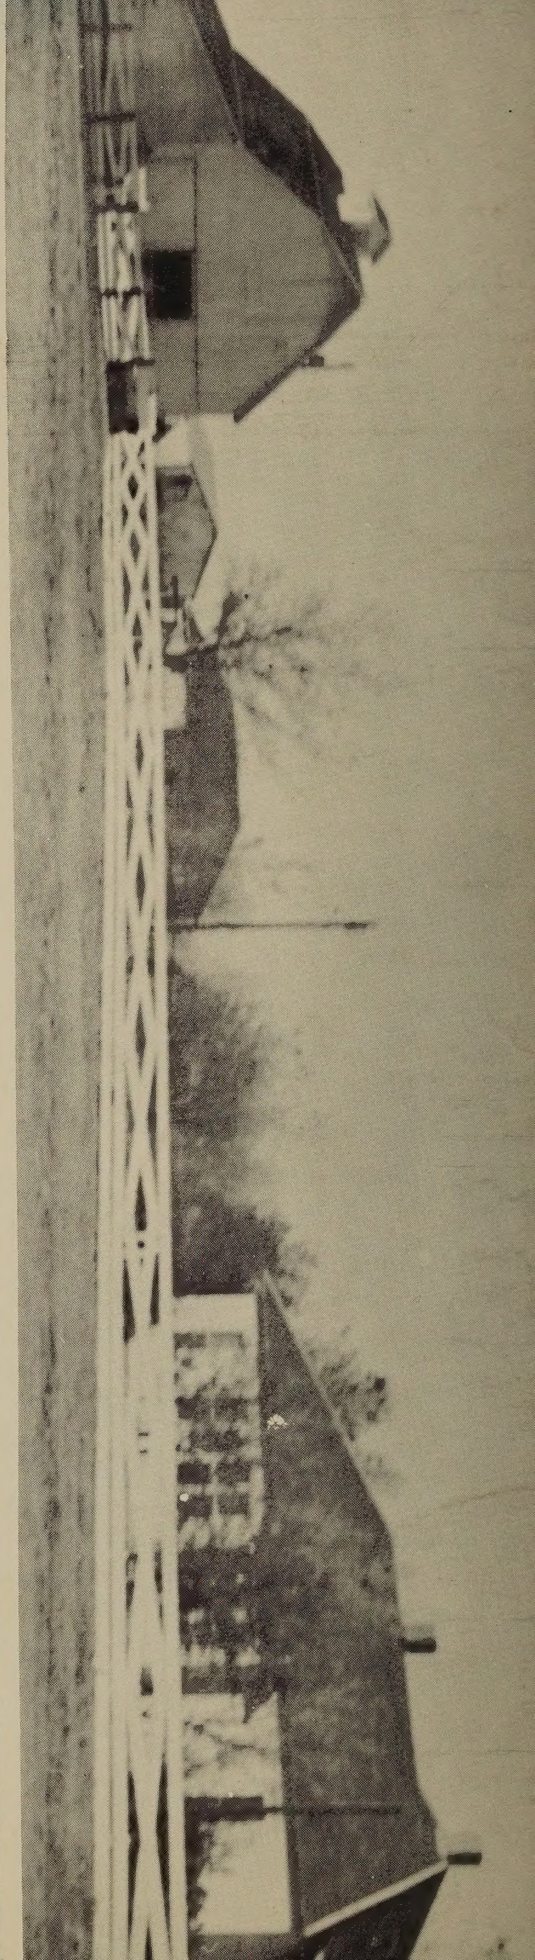

You can go to this sale, confident that you will find a top, working herd of cattle that comes up to the standards which have been presented to you in the catalog and advertising.

Seward, Nebraska
